Selectmen of Easton

SELECTMEN'S REPORT

The Selectmen had a busy but routine year in 1989. The efforts to keep the town tax rate low have continued to pay off. The very low tax rate in 1989 resulted from economies made in both 1988 and 1989. A substantial balance was brought forward from 1988 to 1989.

The Selectmen reactivated the fire department study committee whose recommendation (see associated report) is to establish a small fire department in 1990. The selectmen support this recommendation. The planning board appointed a capital improvement committee in accordance with Article 27 which was approved by the voters last March. Its purpose is to plan the long range capital expenditures which will serve as the basis for future growth management.

An agreement was signed with Bethlehem Cable Co. (a division of Amrac) to serve all of Easton's households north of the National Forest. A telephone strike delayed an early start on the project and the current completion date is the fall of 1990.

The Tri-Town computer generated base/dispatch map has been completed. The two immediate uses of the map will be to facilitate emergency response services and to provide the Postal Service with a coordinated house numbering system. All homeowners should expect a new rural delivery address in the near future.

Charles Chase resigned during the year and Lee Strimbeck was appointed to fill out the remainder of his term. A special note of thanks goes to Charles and Carolyn Chase for their many active years of community service. Thanks Charlie - you'll surely be missed. Additionally, all volunteer board members deserve recognition for their commitment in making Easton a great place to live.

Special Note: Fred Moody's new position as town manager of Littleton will prevent his continuing as selectman in Easton. We will miss his professional contribution to Easton's Board.

AUDITOR'S REPORT

I have examined the reports and accounts from the Board of Selectmen, Tax Collector, Town Clerk, Treasurer, Trustees of the Trust Funds, Cemetery Committee and Library Trustees of the Town of Easton for the year ended December 31, 1989. My examination was made in accordance with the New Hampshire code of Administration Rules Rev. 505.01 through 505.09 and generally accepted auditing standards as I deemed necessary in the circumstances.

In my opinion, these reports and accounts present fairly the financial position and results of operations of the Town of Easton for the year ended December 31, 1989.

FRANCONIA LIFE SQUAD

The year 1989 will always be special to the Life Squad. This year we provided many services to the three towns we cover, but to two of our residents we provided a very special service, that of our middle name or "LIFE"! As you may recall, in 1987 we purchased and became certified in the use of a defibrillator. Our training and this invaluable piece of equipment made all the years of training and retraining worthwhile when we were able to use it, and use it successfully, the first two times.

We assisted with the annual Hayseed Festival which again was a big success.

We provided another C.P.R. course to local residents.

We purchased new Air Bags to be used for Extrication/Rescue work.

The members of the Life Squad would like to once again thank you, the residents of Franconia, Sugar Hill, and Easton, for your continued support of our Squad.

The following is a breakdown of our activity to the towns:

Chronic Medical Problems	12
Emergency Medical	32
Motor Vehicle Accidents	24
Death by Natural Causes	2
Homicide Investigations	1
Dry Runs	4
Household Emergencies	2
Athletic/Recreation Accidents	1
Drug/Emotional	1

REPORT OF EASTON POLICE DEPARTMENT

ACCIDENTS:

In 1989 there were 11 accidents, that this department investigated and filed reports on. One accident had personal injuries. Three moose that I know of were hit in Easton on Rt. 112. One died while the others left on their own. Car damage was extensive.

BREAK-INS:

There were 7 break-ins this year with 4 solved by the State Police in connection with a case in another town. In another instance a racoon was apparently the culprit when he dropped through the ceiling.

DOGS:

It seems like some people like to lose their dogs in Easton. Several healthy dogs were found with collars and no ID. They were not claimed after a reasonable time and were put up for adoption.

REMEMBER: DOG LICENSES DUE BY MAY 1, 1990

There are new license fees for dogs this year:

Male	\$7.00	Female	\$7.00
Neutered Male	\$4.50	Spayed Female	\$4.50
Owner Over 65			\$2.00

A \$15.00 Forfeit if not licensed by June 1st.

There were 241 calls for assistance, information, or concerns from the residents of Easton and other Police Agencies.

This department deeply appreciates the assistance of the State Police, Sheriff's Department, and the Franconia and Sugar Hill Police Departments.

Any Selectmens' requests have been taken care of and we thank them for their support.

Respectfully submitted,

Edward P. Cutter
Police Chief

FIRE DEPARTMENT STUDY

I. PERSONNEL

Most residents in town have been contacted regarding their willingness to participate in the proposed fire department. Of these, over 25 have expressed an interest in helping to protect our town. This number exceeds the Mutual Aid requirements.

II. TRAINING 1990 \$2,000.00

Initial training will consist of certified leadership courses in firefighting for prospective officers. Personnel training will include basic firefighting courses available through state and local agencies. Additional training will be received from within this department and other area departments.

FIRE SUPERINTENDENT'S REPORT

Once again the Easton Fire Committee was active under the guidance of Lynn Tomasetti and Jim Cavanaugh. They produced a detailed and informative report on establishing a Fire Department in Easton.

A copy of this report was mailed and an informational hearing was held on February 7th at the Easton Town Hall.

The issue of Easton having its own department is not new, but still very important.

Please read and study this report and come to the Town Meeting to vote.

There were no fires in Easton in 1989.

Keep up the good work.

Respectfully submitted,

Stanley R. Sherburn
Fire Superintendent

ROAD AGENT'S REPORT

Again this past year only routine maintenance has been done on the roads.

Have proposed resurfacing some of the roads this coming year, both the gravel roads and the black-top ones, as some of them are breaking up badly along the shoulders.

Respectfully,

Robert P. Peckett, III

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, children, and debris burning fires that escaped control. All these causes are preventable, but only with your help.

Please help your town and state forest fire officials with forest fire prevention. By New Hampshire State Law (RSA 224:27b), "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or caused to be burned any material, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violations of RSA 224:27 and the other burning laws of the state are misdemeanors punishable of fines up to \$1,000.00 and /or a year in jail, and you are also liable for paying all fire suppression costs.

The State of New Hampshire Division of Forests and Lands assisted many towns in wildland fire suppression during 1989, including several large fires in Allenstown, Alton, Chesterfield, Concord areas, as well as the 100 acre fire on Mt. Belknap in Gilford.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forest and Lands at 271-2217.

John Q. Ricard, Forest Ranger
Edward Cutter, Forest Fire Warden

RECREATION PROGRAM

Summer Recreation Program

The summer program, again under the direction of Karen Smith, had an active, successful season. Jeannie Serino returned as the swimming instructor and improved the aquatic skill of over 90 children. We welcomed Kathy Stroup and Linda Sawicki to our staff and were pleased to have Jennifer Peters back as an assistant activities supervisor. All of the children enjoyed hiking, biking, tubing and discovering the wonders of many local attractions. Our younger children were treated to weekly story hours at the library and theater excursions to Lincoln; the older group took advantage of golf instruction at the Ammonoosuc Inn, as well as soccer and rock climbing clinics. The summer was highlighted by a second annual trip to The Whale's Tale and a season's end beach trip to Wallis Sands.

Summer Baseball Program

Under the volunteer coaching of a dedicated group of parents, the summer baseball league fielded four teams, with 82 children participating. Jeff Hultgren, Greg Connors, and Jim McIntosh led the Little League team to another All Star Championship. Mike Dickinson and Bill Mead coached a large and ever-improving farm team and Gary Harwood and Chris Collman started a large number of boys and girls in an instructional league. Hal Tuttle again coached a hard working group of 20 girls on the softball squad. This is a very active program which will probably sport five teams this coming summer so we will need lots of parental and community support!! Our grateful THANKS to Dave Sullivan for his years of supervising the baseball program!

Winter Recreation Program

The Skating Rink enjoyed one of its busiest years ever in a winter of very limited snowfall. The rink was open from December to March, averging 60 hours a week of public skating and 85 hours weekly during vacations.

The Junior Flyers hockey team (ages 10-13) finished with a perfect 8-0 record. Our thanks go to coaches Barry Field and David Wood. The instructional Flyers (ages 5-9) topped off a great season with wins over Berlin and Littleton. Our thanks to Jim Cavanaugh for a job well done.

PLANNING BOARD REPORT

The Planning Board reviewed and approved two subdivisions this year, one in Wildwood and one on the Paine Road, creating a total of five lots. We also visited a gravel pit for primarily educational purposes. This next year, we'll be reviewing the State laws on local regulations of sand and gravel excavations and how other towns are handling this. Any proposed excavation regulations for Easton will be discussed in public meetings and hearings.

We have spent some meetings discussing future land use scenarios for the town, given the Town's characteristics, the needs of its residents, and our place in the region. There have been some excited discussions about how to effectively preserve what is uniquely Easton, the possibility of a village center some time in the future, the relationship between the availability of services and population growth, and lot sizes. We hope to present a well thought-out future land use map to the public for discussion. The Board did not propose any zoning changes this year, since we undertook quite a number last year, and because we wanted to be clear about the direction that we wanted our zoning ordinance to go.

The Board appointed a subcommittee, the Capital Improvements Program Committee, to help prepare an inventory of the Town's capital needs and an assessment of the Town's revenues, expenditures, and potential financial resources. Based on fiscal policies, the urgency of the various projects, and land use and community service goals, the Committee has prepared a preliminary priority list, and will be passing along to the Planning Board its recommendations. The Planning Board will review and possibly amend the CIP and hold a public hearing. The Capital Improvements Program is an advisory document which helps the Town look ahead financially, and is intended to be updated each year. The Board appreciates the time and ideas contributed by Committee members Jim Collier, Ed Cutter, Rob Wurtzdorf, and Stan Sherburn. Rusty White and Mary Ellen Barnes represented the Planning Board on the Committee.

Two members stepped down during the year, alternates Paul Schlegel and Louisa Kenney. We appreciated their observations, questions and opinions, and endurance on subdivision site visits! Ed Cutter, who last March decided not to run again for the Board couldn't stay away, and graciously agreed to serve as an alternate. In addition, as vacancies were created, we appointed Jeanne Duggan and Chris Thoma to also serve as alternates.

NORTH COUNTRY COUNCIL ANNUAL REPORT

The year 1989 marked the North Country Council's seventeenth year of successful operation. As chartered under NH RSA 36:45, the Council provides non-profit local and regional planning assistance to member municipalities. In addition to general planning services, the Council offers its constituents specialty services in cultural resource conservation, economic development, housing, natural resource management, solid waste management and transportation. The four standing Council committees, Economic Development, Housing, Land Use and Transportation, actively direct the Council's policies in these areas.

In Easton, the Council worked with the Planning Board's designated CIP Advisory Committee to develop the town's first Capital Improvements Program. The Council also coordinated the solid waste planning efforts of the Upper Grafton-Lancaster Area Solid Waste District. Services provided include negotiating and managing the district contract with Wehran Engineering, organizing district meetings, developing the RSA 53-B District Agreement, and organizing the district's subcontractors. The Council also provided individual communities with technical assistance on recycling options.

Community planning challenges dominated the Council's 1989 agenda. Changing state mandates and furthered residential and commercial growth busied local planning and zoning boards throughout the year. The Council assisted these boards in preparing for the challenges through regional workshops, technical bulletins and newsletters and as-needed assistance on technical and specific issues. The Council co-sponsored the popular Municipal Law Lecture Series which addressed new case law, grandfathering and the revised excavation statute. The Council also assisted numerous towns in revising zoning ordinances, subdivision regulations and site plan review regulations, thereby updating these regulations to better meet and manage the new challenges.

The Council's 1989 work program continued to promote community development projects, as well. Managing close to two million dollars in Community Development Block Grant monies, the Council administers programs in ten North Country communities. Many are housing improvement programs, yet others support sewer projects, day care development, and municipal water supply projects.

In summary, it is important to understand that the Council is organized to provide these valuable services for the benefit of our local town governments. The Council's continued success in meeting the ever-changing demands of the North Country is dependent upon the active participation of our members. We rely upon and enjoy your involvement as town officials and concerned citizens, and look forward to assisting you in this coming year.

CONSERVATION COMMISSION REPORT

The Easton Conservation Commission was voted in at Town Meeting one year ago. We have spent the year attempting to define our role, creating by-laws, establishing a preliminary natural resource inventory, attending various educational workshops, exploring the State Wetlands Board's regulations and working with both the Trust for New Hampshire Lands and the NH Department of Agriculture to try to put approximately 340 acres of land into conservation easement.

The State of New Hampshire's Wetlands Board has the responsibility of protecting the state's valuable wetlands resources through the implementation of a regulatory permitting process. The Wetlands Board looks to the local conservation commission to investigate applications and to make recommendations. Please cooperate with us in this matter by checking with the conservation commission to determine if an application is necessary for work you plan to do in and around wetlands. This includes any work done in and around stream beds (including intermittent streams), installation of culverts, and the digging of some ponds. Because we are new to the process, your patience will be appreciated.

Conservation Commission

KINSMAN VALLEY CLUB

A calendar for the Kinsman Valley Club and events to take place during 1990.

Club Meetings	first Tuesday of each month
Town Election Day - 3:00 to 6:00 PM	Tuesday, March 13
Town Meeting - 7:30 PM	Tuesday, March 13
Summer Fair	Saturday, August 4

Holiday Party	Saturday, December 15

The Kinsman Valley Club is the only service organization in Easton. Its object is to promote a spirit of unity in the community and its activities.

Since its inception, the Kinsman Valley Club has remained a strong and cohesive force for coordinating and completing projects for the common good of Easton's people.

It is open to all women who wish to participate in community service in Easton.

CHAMBER OF COMMERCE

The Franconia - Easton - Sugar Hill Chamber of Commerce has continued to serve the tri-towns in many areas. The Executive Director, who is paid solely from chamber dues, has continued to streamline operations and make the information booth a place for community services as well as information for visitors.

The booth attendants continue to help visitors find area lodging, dining, activities and services. They mail out area information in response to both letters and phone calls. They assist new residents in becoming familiar with dump hours, where the stores are, what services are available, etc. They aid residents with service directories and local information.

During summer and early winter when travelers were just driving up rather than making reservations ahead, the booth attendants were critical in directing visitors to stay in the area and use local facilities and businesses. While tourism was down statewide, we saw a 20-40% increase in people stopping at the booth requesting assistance.

To further direct these drive-up travelers to the area, cooperative ads were done to highlight the beauty and serenity of the tri-towns. The result is that our tourism business showed the least decline of any area in the state!

The Chamber has also served the towns by having a map printed of all the back roads which has been very popular with local delivery trucks, foliage seekers and residents wanting an accurate map of the towns. (They are available for \$1.00 at the booth.) The map was also enlarged, coded for local businesses and will be mounted at the booth as a reference for travelers and residents alike when the booth is not open.

A community calendar has been started and the information distributed to 32 different outlets for free publication in "Things To Do" calendars. Anyone sponsoring an event is encouraged to call the chamber with pertinent information and we will distribute the information for you.

As we look ahead to 1990, we will continue to coordinate community events, such as the Frostbite Follies, and participate whenever possible. Throughout the coming year, we hope to sponsor more events in each of the towns to bring residents together. The Community Calendar will be expanded for easier scheduling by the many area organizations.
